

The British Columbia Community Asset Mapping Network

Mapping the heart of our communities

"Mapping is fun and we all have stories and connections to share"
(BCCAMN Member)

Who are we?

The British Columbia Community Asset Mapping Network (BCCAMN) is a group of citizens from around the province learning how to use community mapping as a way to build connections and increase inclusion and belonging for all people. Our network was started by Community Living BC Councils made up of people with diverse abilities, family members and community partners.

Our Vision

Welcoming, kind and inclusive communities where all people know how and where to connect in their community

We believe community mapping will help us build stronger communities by:

- ❖ Sharing our Stories and Building Connections
- ❖ Mapping and Gathering Community Gifts and Assets
- ❖ Visioning and Building an Inclusive Future

"Such an amazing 'product' can result from a fun process which brings people together and builds relationships" (BCCAMN member)

What's Your Story?

Do you have a community gift to share? We welcome individuals and communities to join our Community Asset Mapping Network.

What do we do?

We partner with organizations around BC to map and share community gifts and opportunities related to **inclusion, accessibility, and social connection**. From 2018-2019 we are expanding our network by hosting community mapping events and projects around BC. Join us to build connections, share stories, and map your gifts!

"When people are connected to the community life is better because of it!" (BCCMN member)

Join Us!

Contact us to learn more or to get involved in a community mapping event near you!

Local Contacts: Michelle Goos and Jessica Humphrey
